

BSC - Volunteer Policy

As an organisation, we employ persons in the capacity of Consultants, as Development workers for BSC.

Any volunteers are usually those who volunteer through another organisation i.e. A Church or School with whom we are engaging, and therefore they are DBS checked through that organisation and remain the responsibility of that organisation.

In the event that BSC recruits and deploys volunteers in its own name the policy is:

- All volunteers are DBS checked and any disclosures 'risk assessed' before the volunteer is engaged or deployed
- References are taken up from the church putting forward the volunteer and a personal reference is also required.
- Training is given
- Supervision is in place
- The effectiveness of the volunteer is monitored and appropriate feedback given.

For more information see the volunteer section of our Child safeguarding policy.
